Re: National Coin Week:

Gentlemen:

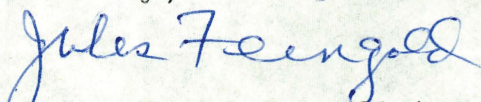

As you know, we of the Leisure World Coin Club have an ongoing program of displaying our coin collections to the 6th grade students of various schools nearby.

We have shown our collections to 194 sixth grade students of the Oak Academy School in Los Alamitos, Ca. and, as usual, it has given us great pleasure. Needless to say, the youngsters were delighted and we answered many numismatic questions. Perhaps we will have gained a few prospective future collectors. We have also, as we always do, given each student a coin so that they can have "show & tell" in their classroom.

The following members of the Leisure World Coin Club participated: Rose Ridgell; Myron Peterson; Trudy ~~Winkler~~ Winkel; Ed Marshall; Kenny Englert; Grace Keene; Richard Precker; Jules Feingold; Lillian Feingold.

A few days prior to the above showing, Mrs. Feingold and I showed a large part of our collection to 32 students of the Walter Knott Elementary School in Buena Park, Ca. Needless to say this proved to be another successful show.

Sincerely,

Leisure World Coin Club
Julius Feingold, Vice President
